نصيحة الشهر

القراءة للطفل تحقق له الترويح والمتعة والتعلم، لذلك فالحكايات التي تعطى له على جانب كبير من الأهمية والقيمة سواء أكانت خيالية أم واقعية، فالطفل يصغي للحكايات البسيطة التي يلعب الخيال والفكاهة المصحوبة بالصور فيها دوراً بارزاً.

النظافة: لسلامة أطفالكم شجعوهم على غسل اليدين باستمرار وعدم لمس الأسطح وتناول الأطعمة الملقاة على الأرض

Al Ittihad Private School Al Mamzar

Dear Parents,

Given the fact that we use the internet for almost anything that is necessary in our lives these days. It is not surprising that schools have decided to invest more in learning through digital media and implementing eLearning due to current circumstances that countries are facing with the coronavirus.

E-Learning is mainly seen as a learning aid that gives the opportunity for students to continue learning even if they are not physically at school.

Yes, we believe that KG students should be interacting physically, doing hands on activities and participating in active learning for the benefit of their personal, physical and social development, yet and due to the circumstances and the decision of closing the schools in UAE, we at Al Ittihad Private school will use the eLearning approach and make the best of it to help our little learners still get the chance to develop their skills and learn away from school.

We should all stand united in these challenging times to support the UAE and for the safety of our children. Therefore and in the light of this, we kindly request you as a parent to facilitate our work and carry on with the implantation of the eLearning that we started one week back and spend time with your children to complete the tasks assigned to them by our KG teachers on daily basis.

Videos related to the various concepts, links, craft work, stories and assigned practice sheets should be completed by our students under your assistance for the coming period of time.

Please keep checking your Schoology account for updates and take photos of your child completing the tasks regularly and send the photos to the class teacher through the Schoology submission box.

We will be monitoring the scenario and in case we feel that your child is not finishing his/her task, we will contact you immediately and provide you with the support needed.

Finally, it's very important that we keep our lines of communication open to best meet your child's needs and please feel free to contact us anytime in case you need any support from our side.

Thank you,

Nadine Al Hassan
KG Principal

KG1 Newsletter April 2020

Dear Parents,

We hope you and your children have enjoyed your well-deserved holiday. Your children have been working hard through the elearning and their teachers are so proud of their amazing efforts. This is the final term before these young learners head off to KG2 and we encourage them to continue with their best efforts.

Spring is in full bloom during the month of April which will be our "Go Green" month. As World Earth Day falls during this month we will be teaching the students the importance of caring for the earth by recycling. We will be teaching the words: "reduce, reuse, and recycle", please take some time out of your day to talk to your child as to what those words mean and how we can implement them in our daily lives.

We would like to remind our parents about the importance of doing homework, please make sure that you are reading stories and practicing the High Frequency Words regularly.

As always, we would like to thank you for your continuous support.

Thank you,

Shawn Thornhill
KG Coordinator

We love eLearning!!!
